

Hello, my name is John Price. I have lived in the district for over 10 years. I am running for a position on the CHCID Board of Directors. I decided to run for the position because I feel my qualifications and background would benefit CHCID and its customers. A little about me: I have both a Bachelor's in Business Management and Logistics Management. I have worked in these fields for 40 plus years in private and government sectors.. I am also a retired officer in the United States Air Force. I feel that my combined knowledge and experience would benefit both CHCID and its customers in the best ways possible.

If elected to the board my goals are:

Ensure that district members are provided with quality domestic and irrigation water at a fair price.

Ensure that CHCID complies with all State and Federal regulations.

Ensure that the district is financially sound to meet current and future needs,

Ensure that districts members are informed of all decisions that the board has made or will be voting on that effect all members.

Thank You for your consideration. John.
