Old Business

- January 2012 minutes were read and approved.

New Business

- Many members from Brekenwood and H Bar H attended the meeting to discuss their water usage reported and the taxes they are being charged. Members from the Town of Gilbert, CAGR, and APWR were there as well to aid in discussing concerns and answering questions. After much discussion, CHCID agreed to do three things to help the members of Brekenwood and H Bar H with their concerns:
 1. CHCID will put a flow meter close to Brekenwood and H Bar H and read it for 10 cycles. After the 10 cycles are read, they will take an average of the cycles and report that water usage to the required agencies. This average will be taken once a year for more accurate reporting.
 2. Until the first average from the completed 10 cycles can be taken, CHCID will report a water usage of 1300 gal/min to the required agencies for all Brekenwood and H Bar H residents.
 3. CHCID will work with CAGR on M&I water for getting CAP water
