A copy of the District's Rules and Regulations has been provided to me and copies are available at the District's office. I agree to pay for such services at the regular published rates and in accordance with Rules and Regulations that may from time to time be adopted by the District. I agree that duly authorized employees of the District shall have access to my premises at all reasonable hours for the purpose of reading, installing, maintaining, or removal of meters and/or other equipment or pipelines owned or utilized by the District, as well as for accessing other properties for District business. I further agree to defend, indemnify and hold the District harmless for any claims, real or alleged, for loss or damage to property of persons arising out of the delivery of service beyond the point of metering. Further, the undersigned is responsible for the meter itself in the event of theft or damage. I agree to give the District prompt notice when I cease to occupy said premises and I want service discontinued. In the event of failure on my part to comply with the terms and conditions of this Agreement or any of the Rules and Regulations, I agree that the District or its representative may discontinue service hereunder with the appropriate notice given (as set forth in the Rules and Regulations), and that such discontinuance will not constitute waiver of any claims against me for prior service rendered by the District. The District may also take such actions as are authorized under the law and in the Rules and Regulations, including without limitation, assessing fines, imposing penalties, recording liens against the property covered by this Agreement, removing offending structures and/or landscaping, and pursuing appropriate legal remedies, including injunctive relief.
